

ESORICS

CALL for ESORICS Posters 2021

26th European Symposium on Research in Computer Security
Darmstadt, Germany, October 04-08, 2021

=====

The 26th European Symposium on Research in Computer Security (ESORICS) will include a poster session in order to provide a forum to present work in progress, early research results, practical demonstrations and experience reports in the [interest areas of this year's symposium](#).

Important dates

All submissions must be received by 11:59 p.m. Berlin, Germany Time on the day of the corresponding deadline.

- Submission deadline: 15 July 2021.
- Notification to authors: 01 August 2021.
- Camera ready due: 10 August 2021.

Submission guidelines

Each submission should contain a brief abstract, with an emphasis on the motivation for the work, and should describe the main contributions being presented. Submissions should only contain new and unpublished results and should point to the difference between the submission and any work under submission by the authors or any published work.

Submissions will be evaluated on their potential to stimulate fruitful discussions, facilitate the exchange of ideas, and promote collaborations.

Poster proposals must be formatted according to the [LNCS Proceedings Template](#) and are limited to 5 pages, not including references. Submissions are not anonymous, and must contain the authors' names and affiliations. Accepted posters will be published in the proceedings.

Submissions must be in PDF and uploaded to the following EasyChair website:
<https://easychair.org/my/conference?conf=esorics2021>

Submissions that do not comply with the formatting guidelines will be rejected without review. Questions shall be directed via email to the Posters Chair Simone Fischer-Hübner: esorics2021-posters@easychair.org

Posters chair

Simone Fischer-Hübner, Karlstad University, Sweden

Posters program committee members

Patricia Arias, KIT, Germany

Xinlei He, CISPA Helmholtz Center for Information Security, Germany

Juliane Krämer, TU Darmstadt, Germany

Erwin Quiring, TU Braunschweig, Germany

Neta Shiff Rozen, Hebrew University of Jerusalem, Israel

Tobias Urban, Westphalian University of Applied Sciences, Gelsenkirchen, Germany

Di Wang, King Abdullah University of Science and Technology (KAUST), Saudi Arabia

Zhikun Zhang, CISPA Helmholtz Center for Information Security, Germany
